

Bayan Kalash

Software Engineering Student | Full-Stack Developer (Laravel / PHP / JavaScript)

bayankallash@gmail.com | +970 599 756 244 | Gaza Strip, Palestine | Open to remote worldwide
Arabic (Native) · English (C1 Advanced)

PROFESSIONAL SUMMARY

Third-year Software Engineering student and full-stack developer with hands-on experience building Laravel (PHP) applications, RESTful APIs, and responsive front ends. Completed a remote internship with Resilience WorldWide, a Switzerland-based international NGO, delivering production features in an agile, Git-based workflow across time zones. Strong in MySQL, MVC architecture, and clear technical communication in English (C1). Seeking full-stack or backend roles where reliable delivery and cross-cultural collaboration matter.

PROFESSIONAL EXPERIENCE

Full-Stack Developer Intern

Jan 2025 – Jun 2025

Resilience WorldWide — Remote (Switzerland-based international NGO)

- Designed and shipped full-stack web features for a humanitarian organisation serving programmes across multiple countries.
- Built Laravel (PHP) backend modules with MVC, Eloquent ORM, middleware, and authentication; designed RESTful APIs connected to HTML5/CSS3/JavaScript (ES6+) interfaces.
- Collaborated asynchronously across time zones; used Git/GitHub for version control, code review, and on-time agile (Scrum-style) sprint deliveries.

EDUCATION

B.Sc. Software Engineering

Sep 2022 – Present

Islamic University of Gaza — Gaza Strip, Palestine

- Coursework: software architecture, data structures, algorithms, databases, OOP, and web engineering; focus on full-stack development and agile practices.
- EQF Level 6 / ECTS-compatible programme; collaborative technical projects completed with consistent academic progress under constrained infrastructure.

CERTIFICATIONS

Advanced Laravel Bootcamp — UCASI (Verified)

May 2026

- Advanced PHP/Laravel: MVC, Eloquent ORM, middleware, authentication, and API development — completed alongside full-time studies.

TECHNICAL SKILLS

Backend	PHP, Laravel, MVC Architecture, Eloquent ORM, RESTful API Design, MySQL, Relational Databases, Authentication & Middleware
Frontend	HTML5, CSS3, JavaScript (ES6+), Responsive UI Design
Tools	Git, GitHub, Agile / Scrum, Linux CLI, VS Code, Technical Documentation, Code Review
Strengths	Problem Solving, Algorithms, Asynchronous Remote Collaboration, Cross-cultural Teamwork

LANGUAGES

Arabic — Native (full professional proficiency, written and spoken)
English — C1 Advanced (Listening, Reading, Speaking, Interaction, Writing)

SELECTED COMPETENCIES

Remote delivery for an international NGO across time zones · **Mission-driven** engineering for community programmes · **Initiative** through advanced Laravel certification alongside full-time studies.
